Task 036. Write your commentary on the article.

ПОЛЕ ОТВЕТА УЧАСТНИКА	КОММЕНТАРИИ ЖЮРИ	
<p>Urbanization is the problem that concerns many people, but mainly governments. There were many ways advised how to stop overpopulation and its consequences. The article describes one of them. Ebenezer Howard proposed to make people live away from metropolises and instead develop garden cities. Citizens would work in factories, but live in houses surrounded by gardens. In my opinion, this is a great idea, but it will not work in our reality. Here are my proves.</p> <p>First of all, the article's writer says that Howard's ideas can't follow today's inventions and can poorly be described as independent. The author says that it wouldn't work and gives the example of Seoul that succeeded in making urbanization work without Howard's "green cities". Korea became one of the richest countries with their solution of apartment blocks, Howard's greenbelt on the other hand, would have pushed people further out.</p> <p>Secondly, in my opinion, although garden cities would be better for our health, people would be lacking freedom. Because urbanization brings many advantages that are possible only with the help of technologies. Nowadays they are a vital part of our lives.</p> <p>In conclusion, urbanization is not a serious problem, a much bigger problem for us is overpopulation and how to deal with it. But if we choose a way to manage it, urbanization is a good option by far. Maybe later someone will propose a better idea.</p>	Количество слов: <b>231</b>
