<p>Nowadays, with the rise of globalisation, tourism is more popular than it has ever been. It has become a lot more affordable, but it also started to negatively affect local people and attractions.</p> <p>Some people think tourism is good because it allows people us to see new things and sceneries and brings people together. Tourism provides advantages for local people, especially for shopkeepers and hoteliers.</p> <p>On the other hand, many people think tourism is harmful, because it encourages pretence <u>instead of</u> traditionalism and makes culture something to earn money from. It reduces the significance of history, works of art and architecture and religious places. Moreover, the mass usage of means of transport harms the environment.</p> <p>† In my opinion, tourism is an important part of the economy of every country. It should be strictly controlled for it to not destroy beautiful places, and also for the government and the tourists to make the most of it.</p> <p>All in all, people have different opinions on the theme of tourism. Some of them think it's good and some think it negatively affects everything it touches. Mass tourism can be extremely harmful, but it is good for learning about the history and traditions of other people.</p>	Количество слов: 202
