<p>Nowadays our world is dominated by <del>the crucial process</del> urbanization, a very crucial process - global urbanization, which technically means the rapid growth of cities and people moving to live in sordid metropolises instead of small villages. How should we react to this? Well, there are different views regarding the issue of urbanization, today's global trend.</p> <p>On the one hand, some people, especially in the past, <del>was</del> had a negative attitude towards urbanization, as cities were extremely dirty and overcrowded places which reeked of poverty and death. Additionally, certain people prefer solitude and quietness <del>to</del> of countryside to city's noisy life, so they try to protect rural style of life from disappearing!</p> <p>On the other hand, <del>nowadays</del> more and more people <del>nowadays</del>, including me, see urbanization as an advantage rather than bad news, because cities provide countless opportunities for their <del>citizens</del> inhabitants, therefore boosting the economy and the quality of life.</p> <p>So, <del>the</del> urbanization has both advantages and disadvantages, but <u>to me</u>, the benefits of this process outweighs the cons, which are fading in comparison to what urban style of life can offer - <del>the</del> all the money is concentrated in cities nowadays!</p>	Количество слов: <b>179</b>
