<p>The article tells us about the food's supply and its preparation in the medieval times. It becomes clear that during that period people did not have a very diverse diet. Moreover, most of the dishes were bland and low in fats and protein. The only one who could afford a better meals were the rich.</p>	Количество слов: 208	
<p>After reading the article people may have different opinions on the issue. Some might say that medieval people lived in terrible conditions, as they could not enjoy all the tasty food we are able to eat now. They also are sorry that those people were struggled by how to get food and had to think about its supply in advance. At the same time, others will argue that there is no reason to be sad for those who lived in the past, because during the medieval times they did everything they could to live the best life. They will also claim that it was their fate to live like that.</p>	<b>Критерии оценивания</b> <b>Балл</b>	
<p>However, In my opinion we should not judge those people. We should be thankful for their hard lives during which they made many important discoveries and inventions that started the development of modern cuisine and food diversity that now are make our diet more tastier and healthier.</p>	Коммуникативная задача (0-10)	8
