

**Coronavirus as a kick
for innovative technologies
evolution**

**Student:
Karpushina Ekaterina
Department of Economics**

The main triggers for creating innovative technologies

- sweeping changes in a social structure of society
- political stand-off between countries
- someone's desire to top their profit
by reducing production costs
- a country's policy
- global problems of humanity

What are innovative technologies?

Approaches or ideas
in the field of invention
and technology
